

1/4"-28 UNF Straight Union, Flat Bottom (F)

Female straight union for creating inline leak-free connections between two fittings in low-pressure fluid line systems. Flat-bottom ports accept standard 1/4"-28 UNF male fittings on both ends. Does not include fittings, use with your choice of flangeless or flanged nuts and ferrules to match your tubing size. - Material: PETG - Operating Temp: <60 C - Operating Pressure: <100 PSI - Color: Beige
